Languages English: native or bilingual proficiency
German: native or bilingual proficiency

Professional Experience

Technical Skills

Cloud Azure Kubernetes Service
Compute: VMSS, nodepools
Network: Private Endpoints, Hub&Spoke, Private DNS
Azure Key Vault with AKS CSI driver
Azure Recovery Services Vault for SAP HANA
Governance: FinOps

Operating Systems Debian and Ubuntu, FreeBSD with zfs

Databases Mysql, Postgresql
Microsoft SQL Server ETL and Common Table Expressions

Programming

Python3 Code generation of:
* ARM templates
* Azure-cli commands
* k8s yaml

Bash Scripting for PoC deployments using azure-cli

GNU Make Scaffolding for PoC projects

Terraform Hashicorp Terraform Enterprise Workspaces
Terraform Kubernetes Provider Terraform AzureRM Provider

Certifications

AZ-900 Azure Fundamentals

AZ-104 Azure Administrator Associate
<https://learn.microsoft.com/en-us/users/alexandergabertaz104-2320/credentials/27b9683078c190ac>

Education

2004 - 2007 Fachhochschule Trier, DE
Applied Computer Science

1997 - 1999 CASO Consulting, Hallbergmoos, Bavaria, DE
Fachinformatiker Systemintegration

1996 Gymnasium Dorfen, Bavaria, DE
Allgemeine Hochschulreife

Career path

- 2024 - 2025 NTT DATA Deutschland SE, Munich, DE
Managing Technical Consultant
Azure cloud projects in:
* public sector
* german financial sector
- 2017 - 2023 inovex GmbH, Pforzheim, DE
cloud platform engineering
Planning, designing and building
data science platforms on public clouds
and private data centers.
Open Source kubernetes operator development for
the largest german public Spätzlecloud.
IT operations in large scale private data centers:
* deployment of new environments
* user rollouts
* security audits
* automation:
** operating system updates
** configuration management
** standardization
** naming conventions
- 2014 - 2016 Midokura, San Francisco, USA
sales engineering
MidoNet overlay network virtualization
OpenStack Neutron, VLAN, VXLAN
Brocade, TCP/IP
OpenStack Services running on Kubernetes
- 2008 - 2013 inovex GmbH, Pforzheim, DE
engineering, operations
Configuration Management, Software Deployments
Puppet, Zabbix, Nagios Monitoring
Scripting of monitoring plugins (JSON, JMX, XPATH)
Hadoop Cluster Operations
business intelligence development
MicroStrategy 8.1.2 ROLAP, Pentaho Data Integration
Microsoft SQL Server 2008 SSIS SSAS SSRS
Integration Services, Analysis Services, Reporting Services
Kimball Data Warehouse Patterns, Dimensional Modelling
Pentaho ETL Development, Java BIRT Reporting

- 2008 active mining AG, Augsburg, DE
business intelligence development
 development of internet-based Monte-Carlo-Simulation-as-a-service
 SaaS platform to calculate the success of business plans for german companies
 Project management for off-shore development team
 C#, ASP.NET, Microsoft SQL Server 2005/2008
 Microsoft Reporting Services 2005
 ADO.NET, AJAX, JavaScript
- 2007 - 2008 Berlitz, Frankfurt/Main, DE
engineering, project management
 network migration 60+ sites, 600+ users
 network engineering, routing and configuration
 hot-standby firewalls (pfsense/FreeBSD)
 migration planning and project management
 reconfiguration of network sites and VPN access network
 Suse Linux pop3/smtp to MS Exchange 2007
 Single Copy Cluster, CAS servers
 Windows 2003, Dell Servers, SAN storage
 postfix and Exchange Hub transport servers
 Exchange Mailbox Cluster
 Exchange Client Access Servers with IIS
 Outlook Anywhere (RPC@HTTP), Outlook Web Access
 Blackberry Enterprise Services
 group policy objects and active directory OU
 mail policies, distribution lists
 automatic user migration scripts, mail forwarding
 automatic recipient checking for postfix (LDAP)
- 2007 KREIOS S.a.r.L, Luxembourg, LU
software development
 C#, openArchitectureWare
 integration of multi- tier .NET design patterns
 for PostGIS, .NET Topology Suite
 Expression Blend, WPF, code-behind
 business and persistence layer
 CSLA.Net business objects
 test driven development, unit tests
- 2004 - 2006 r/ft Fachhochschule Trier, DE
software development
 ETL scripts with perl and shell code
 database exports, xml- based, file- based sources
 JBoss application development, persistence beans
 SAX Parsers and XML perl modules, IBM AIX
 NIS authentication module for TYPO3

- 1999 - 2004 Electronic Data Systems, Munich, DE
engineering, operations
customer service, project management
rollout management, technical consulting
IBM xSeries Servers
DEC StorageWorks and Fibre Channel SANs
Active Directory domain controllers
network migrations from IPX/SPX to TCP/IP
cluster-, fileserver-, domain migrations
Lotus Notes Migration 4.x to 5.x
Thuringia/Generali, DBV- Winterthur,
DEVK, Sony, Deutsche Bundesbank, Linde AG
Bayrische Rueckversicherung, Hoechst
AT Kearney (ATK), LV1871
- 1999 - 2003 Gentoo Linux
kernel development
integration of PaX and grsecurity patches in kernel packages
compiler development
integration of IBM SSP and Redhat buffer overflow protection
patches in gcc package
development of next-generation return address protection SSPX
toolchain development
porting of kernel hardening and compiler hardening patches to
RISC architectures
development of Gentoo ebuilds and patches
documentation and guides for ELF, PIE and PIC code
- 1999 CASO Consulting, Hallbergmoos, DE
engineering, operations
installation and maintenance of SAP R/3 systems
Oracle database configuration and maintenance
Siemens RM/400 Sinix
ABAP/4 report programming
network administration, firewall and router configuration
(Ascend, Cisco)
development of traffic accounting application in C
