How to reach out to me

Linkedin <https://www.linkedin.com/in/alexander-gabert-966b16292/>

Email <mailto://opentowork2025@xoreaxeax.de>

English, German native or bilingual proficiency

Certifications

- AZ-305** Azure Solutions Architect Expert
<https://learn.microsoft.com/en-us/users/alexandergabertaz104-2320/credentials/8593ddd9c32f58a5>
- AZ-104** Azure Administrator Associate
<https://learn.microsoft.com/en-us/users/alexandergabertaz104-2320/credentials/27b9683078c190ac>

Professional Experience

Technical Skills

- containerization** Azure Kubernetes Service with AKV CSI driver
Azure Landing Zone Framework: Management Groups, Policies
Private Endpoints, Hub&Spoke, Private DNS
User-Assigned Managed Identities, Azure RBAC
Azure Recovery Services Vault with SAP HANA on Azure
- data engineering** Mysql, Postgresql
Kafka, Azure Event Hub, DataBricks, Azure HDInsight
Zookeeper, Cassandra
Microsoft SQL Server ETL with Common Table Expressions

Programming

- Python3** AzureRM Python SDK
Code generation for ARM templates, azure-cli commands
and k8s yaml files for application deployments and AKV secrets
- Bash** Scripting for PoC environments using azure-cli
- GNU Make** locally testable CI/CD pipelines with concourse-ci
- Terraform** Terraform Enterprise Workspaces
Terraform AzureRM Provider, TF Kubernetes Provider
- Editor** <https://agabert.github.io/vimrc.txt>

Education

- 2004 - 2007 Fachhochschule Trier, DE
Applied Computer Science
- 1997 - 1999 CASO Consulting, Hallbergmoos, Bavaria, DE
Fachinformatiker Systemintegration
- 1996 Gymnasium Dorfen, Bavaria, DE
Allgemeine Hochschulreife

Career path

- 2024 - 9999 NTT DATA Deutschland SE, Munich, DE
Managing Technical Consultant
End-to-end responsibility for Azure Containerization PaaS projects
in german public sector and financial sector institutions
- 2017 - 2023 Inovex GmbH, Pforzheim, DE
Cloud Platform Engineering
Planning, designing and building data science platforms on
public clouds and private data centers
Open Source kubernetes operator development for the largest
german public Spätzlecloud STACKIT
IT operations in private KRITIS data centers
* deployment of new environments
* user rollouts via Ansible
* security audits of network architecture
* automation:
** operating system updates
** configuration management
** standardization
** naming conventions
- 2014 - 2016 Midokura, San Francisco, USA
Sales Engineer
MidoNet overlay network virtualization
VLAN, VXLAN, VTEP, Tap-as-a-Service
Brocade, BigSwitch, TCP/IP
Fully distributed layer 4 loadbalancing at the edge
OpenStack Services hosted on Kubernetes undercloud
Nokia, Elisa.fi, Deutsche Telekom, Syseleven, Bundeskriminalamt,
Dell, Lenovo, IBM
- 2008 - 2013 Inovex GmbH, Pforzheim, DE
IT Engineering, IT operations
Configuration Management, Software Deployments
Puppet, Zabbix, Nagios Monitoring
Scripting of monitoring plugins (JSON, JMX, XPATH)
Hadoop Cluster Operations
Business Intelligence Development
MicroStrategy 8.1.2 ROLAP, Pentaho Data Integration
Microsoft SQL Server 2008 SSIS SSAS SSRS
Integration Services, Analysis Services, Reporting Services
Kimball Data Warehouse Patterns, Dimensional Modelling
Pentaho ETL Development, Java BIRT Reporting

2008 Active Mining AG, Augsburg, DE
Business Intelligence Development
Development of internet-based Monte-Carlo-Simulation-as-a-service
SaaS platform to calculate the success of business plans for german companies
Project management for off-shore development team
C#, ASP.NET, Microsoft SQL Server 2005/2008
Microsoft Reporting Services 2005
ADO.NET, AJAX, JavaScript

2007 - 2008 Berlitz, Frankfurt/Main, DE
IT Engineering, Project Management
Network migration 60+ sites, 600+ users
Network engineering, routing and configuration
Hot-standby firewalls (pfsense/FreeBSD)
Migration planning and project management
Reconfiguration of network sites and VPN access network
Suse Linux pop3/smtp to MS Exchange 2007
Single Copy Cluster, CAS servers
Windows 2003, Dell Servers, SAN storage
Postfix and Exchange Hub transport servers
Exchange Mailbox Cluster
Exchange Client Access Servers with IIS
Outlook Anywhere (RPC@HTTP), Outlook Web Access
Blackberry Enterprise Services
Group policy objects and active directory OU
Mail policies, distribution lists
Automatic user migration scripts, mail forwarding
Automatic recipient checking for postfix (LDAP)

2007 KREIOS S.a.r.L, Luxembourg, LU
Software Development
C#, openArchitectureWare
Integration of multi-tier .NET design patterns
or PostGIS, .NET Topology Suite
Expression Blend, WPF, code-behind
Business and persistence layer
CSLA.Net business objects
Test driven development, unit tests

2004 - 2006 r/ft Fachhochschule Trier, DE
Software Development
Development of in-house Student Information Datalake
ETL scripts with Perl and Shell scripting
Database exports, Xml-based, File-based Sources
JBoss application development with persistence beans
SAX Parsers and XML Perl Modules on IBM AIX
NIS authentication module for TYPO3

- 1999 - 2004 Electronic Data Systems, Munich, DE
IT Engineering, IT Operations
Customer Service, Project Management
Rollout Management, Technical Consulting
 IBM xSeries Servers
 DEC StorageWorks SCSI based Enclosures
 Fibre Channel SAN Switches from Brocade
 Win2000 Active Directory Domain Controllers
 Network migrations from IPX/SPX to TCP/IP
 Cluster-, Fileserver-, Domain migrations
 Lotus Notes Migrations from 4.x to 5.x
 Thuringia/Generali, DBV-Winterthur,
 DEVK, Sony, Deutsche Bundesbank, Linde AG
 Bayrische Rueckversicherung, Hoechst
 AT Kearney (ATK), LV1871
- 1999 - 2003 Gentoo Linux
Kernel Development
 Integration of PaX and grsecurity patches in kernel packages
Compiler Development
 Integration of IBM SSP and Redhat buffer overflow protection
 patches in gcc package
 Development of next-generation return address protection SSPX
Toolchain Development
 Porting of kernel hardening and compiler hardening patches to
 RISC architectures
 Development of Gentoo ebuilds and patches
 Documentation and guides for ELF, PIE and PIC code
- 1999 CASO Consulting, Hallbergmoos, DE
IT engineering, IT operations
 Installation and maintenance of SAP R/3 on Windows NT4.0
 Oracle database configuration and maintenance
 Siemens RM/400 Sinix
 ABAP/4 report programming
 Deployment of ipfwadm, ipmasqadm based Linux firewalls
 Administration of Ascend and Cisco network equipment
 Development of in-house accounting for ISP customer traffic
 using binary C structs of NeTraMet traffic logs written to disk
